Situation 1:

For non-RoHS 16048G 1m Port Extension Cable for 4294A (S/N: MY431xxxxx and below).

Solution/Action:

Shown are the supported parts and their respective RoHS compliant replacement support part. RoHS conversion involves with design and dimension change which result in the RoHS support part backward incompatible with non-RoHS 16048G. Special handling is needed while using the RoHS replacement part on non-RoHS 16048G. The original support part number is replaced by the respective “RoHS Compliant Replacement Part”. Once the original support part is depleted, please proceed to obtain the RoHS compliant support part. Please refer to figure and table 1-1 for the respective replacement part accordingly.

Figure 1-1

NOTE: For RoHS Compliant Upper Level Assembly Replacement Part, if multiple parts are replaced by a common higher assembly part, only order ONE part of the higher level common assembly.

Shown in table 1-1 to 1-4 are the original support part and its compatible RoHS replacement part/assembly.
