**16339A Component Test Fixture**

Serial Numbers: 0000J00000 / 3204J00182

**Recommended replacement of miniature banana-plug cable improved persistence**

To Be Performed By: Agilent-Qualified Personnel or Customer

**Parts Required:**

| Part No.    | Qty. | Description                          |
|-------------|------|--------------------------------------|
| 16339-61621 | 1    | Miniature Banana-plug Cable Assembly |

**Situation:**

The miniature banana-plug cable wire easily snaps when used with the alligator clip.

**Solution/Action:**

The miniature banana-plug cable has been improved after above serialized unit. The new cable has head-shrinkable tubes on each side roots of its cable (see Figure 1). Replace the entire defective miniature banana-plug cable assembly with the new one if the defective one has no head-shrinkable tube.
