

 MODEL 175A OSCILLOSCOPE  
Serial Prefix Below 450-

New Vertical Output Printed Circuit Board 175A-65W

The 175A-65W is a direct replacement for the 175A-65T.

Add the 175A-65W to the Replaceable Parts List in your 175A Operating and Service Manual.

Recalibration of the vertical amplifiers will be necessary after the installation of this Printed Circuit Board. See Paragraphs 5-53 thru 5-57 of your Operating and Service Manual.
