Reset Programmable Array Logic (PAL) integrated circuit

Duplicate Service Notes: 70001A-17, 70004A-13

Parts Required: 70004-60042

Situation:

With the introduction of the 70500A Real Time Controller the reset PAL on the 70004A A6 (GP-MSIB board) has changed. To accommodate the 70500A the MODRST line on the A6 board will become bi-directional. This will allow modules to assert reset. The new PAL part number is 70001-80032.

Solution/Action:

In the 70004A display replace the A6 board with a 70004-60042.

DATE: 19 January 1994
