Rev. 18

Situation:

The FieldFox system board has been replaced with a new version with better reliability and ROHS compliance. The new system board is equipped with a micro-SD card reader, replacing the old mini-SD card reader.

Old I/O input with mini-SD card reader

New I/O input with micro-SD card reader.

**Solution/Action:**

When ordering the new system board, you must also order I/O Panel Assembly N9923-60023. This assembly contains a new side connector panel and overlay.

The replacement procedure is found in the Service Guide, N9912-90003. Please refer to the Chapter 7 section titled, “Removing and Replacing the Case Group Parts.”
